 - **Modernization Plan, FINPLAN, POM Input, 2020 dreams**
- **Convert all CONOPS to TTPs**
- **Separate Personnel and Equipment UTCs**

Where Are We Going?

- **BLOCK 11**

- Incorporates *minor* OEF/OIF Lessons Learned (low hanging fruit). Includes deletion of the SPEARR trailer, moving assets/personnel to earlier increments, as well as supply/equipment changes.

- **BLOCK 20**

- Establishes contagious patient, mass casualty and CBRNE unique treatment capability. Also moves to the emergent hub and spoke theater support concept.
